

County Agent Urges Farmers To Plant Hay Crops

Destruction of Corn by Rains Increases Need For Other Kinds of Feed Crops

The continued rains have prevented the planting of a lot of basin and bottom land corn all over the county. A good percentage of the corn that was planted has been drowned out—so it looks as if the county will make about half the corn that was made in 1938.

We know that the hay situation is about as bad as the corn, since there was very little cowpeas and soybean hay planted, and much of the oat and vetch hay was lost.

With the present prospect for a cotton crop, we will not have much money to buy feed another year. We can get by with less corn if there is plenty of hay, and there is still time to plant hay crops.

I want to urge every farmer to take the low land that has not been planted, or was drowned out, and plant cowpea, soybean, or sorghum hay. These crops can be planted until about July 20 and still make a good crop of hay.

The late cotton should be sidedressed with about 100 pounds of nitrate per acre, as the rain and grass took up most of the nitrogen.

Many farmers are asking what effect it will have on their payment if they abandon or plow up part or all of their cotton. If the farm is cultivated, you will get the cotton rental money whether you have your entire allotment planted or do not have any cotton.

Let me urge you again to save your corn if possible, and make all the hay you can—at least enough to take care of your work stock and cows. — A. A. Lauderdale, County Agent.

CHANGES MADE IN BUS SCHEDULE

The Alabama Coaches Company announces some recent changes in the time of arrivals and departures of buses to and from Montevallo.

Bus leave for Tuscaloosa at 7:15 a.m. and 1:40 p.m., and arrive from Tuscaloosa at 1:25 p.m. and 6:15 p.m.

The Sylacauga buses leave at 7:05 a.m. and 1:50 p.m. and arrive from Sylacauga at 1:02 p.m. and 6:52 p.m.

Percy Pitts Boosts Karl Harrison

A Republican representative in the Alabama legislature boosting a Democratic senator is something new under the sun. We never expected to see it. ut we have seen it and we are going to tell about it.

"That fellow Karl Harrison who is senator from the counties of Shelby, Chilton and Bibb is a wonderful campaigner and a fine man," said Republican Representative Percy Pitts of Chilton County.

"How come a Republican like you denominates a Democratic senator a fine fellow?" the columnist asked.

"Well, he is a fine fellow and I am waiting for him now and we are going to ride back together," said Mr. Pitts. "I have observed him and he is one of the best campaigners I ever saw and he is still young. His father succeeded my father in office in Shelby County."

Percy Pitts, the Republican from Chilton, is too good a man to be a Republican. He is a better Democrat than many Democrats who come to the Alabama legislature. But he believes in Republicanism and nobody can change him but he makes Chilton County a fine representative and he can get as many things done as any Democrat in the House. He enjoys the confidence of the speaker, the floor leaders who are Democrats, the press, and the Governor and everybody else.—Atticus Mullin, in The Montgomery Advertiser.

Billy Tate Is Honored With Birthday Party

Mrs. M. R. Tate entertained her young son Billy, with a party Saturday afternoon, July 1, honoring his eighth birthday.

Many games were played by the little guest during the afternoon after which ice popsicles and cake were served to the following:

Georgé Smith, Gene Baldwin, Roy Hicks, Edwin Bridges, Grady Hicks, Aubrey Crowe, Bobby Crowe, Lloyd Crowe, Margaret Ann Hendrick, Betty Ann Smitherman, Teddy Ziolkowski, Edward Craig, Wesley Carr, Bill Hartley, Virginia Woolley, Pat Woolley, Bobby Brill, Carl Brill, John Davis, Willard Davis, Jean Tate, and the honoree, Billy Tate.

Mr. and Mrs. Baxter Woodal and Mr. and Mrs. James Harris assisted Mrs. Tate in the entertaining and serving.

Baldwin-Embry Wedding Solemnized June 24

The marriage of Mrs. Ladean DeSear Baldwin and Theo Wilson Embry was quietly solemnized at 2 p.m. Saturday, June 24, in the parlor of the Sixth Avenue Presbyterian Church of Birmingham.

The double ring ceremony was performed by the Rev. J. M. Broady before an improvised altar of gladioli, daisies, and dahlias.

Betty Lou Harris, wearing pink net over taffeta with a wrist corsage of sweetheart roses and forget-me-nots, lighted the altar candles and Miss Carridell Gordon played the wedding music.

The bride was gowned in poudre blue chiffon trimmed in bands of lace, and leghorn hat, with dusky pink accessories. She wore a corsage of orchids and lilies of the valley.

Miss Roberta DeSear, sister of the bride, served as maid of honor, wearing a frock of dusky pink with white accessories and a corsage of yellow rosebuds.

Bill Weaver served the bridegroom as best man.

Mr. and Mrs. Embry left immediately after the ceremony for a trip to the Smoky Mountains, after which they will be at home in Bush Hills.—Birmingham News.

Miss Mignon Hall of Birmingham one of Alabama's outstanding newspaper women was the guest of Mrs. Alice Yeager while attending the recent meeting of the writers Conclave at Alabama College.

Youth Serves the Community

Under the leadership of its president, E. C. Heath, a class of young people at our local high school is studying the problems of housing that face the people of Montevallo. We adults will do well to keep an eye on them. They are giving us an example of what youth can do when it gets started.

This group is using the lawn of the Girl Scout house as a proving ground. A flagstone walk, two rock gardens and a graded lawn are parts of their plan for presenting Montevallo with an example of how people can earn how to make more beautiful homes by doing the work of creating beauty. Curtis Smith, Winston Peterson, Bob Barnes, James Argo, George Anderson, and Wilbert Nasworthy are leading the group responsible for the flagstone walk that is creeping down through the lot. These fellows picked the stones from the Aldrich slag pile. They have worked hard and deserve a good word from the people of the community.

Oh, yes, and don't let us forget to tell you that Miss Willie Rae Dennis showed up as pace-setter the other day and really showed the boys how to cut grass.

Another group of boys led by Frank Bassett is showing the class how ordinary limbs from trees that were blown down by the recent storm can be transformed into beautiful lawn seats. These boys will soon present the Girl Scout house

Summer School Notes

Thursday, July 6
6:30 p.m.—Step-singing in front of Main Dormitory, led by Gerry Camp and Edna Hays.

Friday, July 7
On Friday, July 7, in Palmer Auditorium, Miss McCall will show movies demonstrating safety driving.

Saturday, July 8
8:30 p.m.—Informal dance for all members of the regular summer school, in Main Lobby.

Monday, July 10
Voice, Organ, and Piano Faculty Recital.

8:00 p.m.—Miss Katherine Farrah, Mr. Harrison D. LeBaron, and Mr. Miecislav Ziolkowski will give a joint recital in Palmer Hall. The public is cordially invited.

Tuesday, July 11
8:00 p.m.—Second in a series of illustrated lectures by Miss Marya Werten, in Palmer Hall. The subject will be "Decorative Art and the Method of Teaching it in Poland." A new exhibit in connection with the lecture will be shown in the Art Studio in Bloch Hall.

Wednesday, July 12
6:30 p.m.—Recreation Night at the Field House. List of many activities posted in Main Dormitory and Reynolds Hall.

8:00 p.m.—Glee Club program presented by Mr. H. D. LeBaron, in Palmer Hall.

MICHAEL MAHAN ENTERTAINS WITH BIRTHDAY PARTY

Mr. and Mrs. Mahan entertained their little son Michael with a birthday party Thursday afternoon, June 29, on his fifth birthday.

Games were enjoyed by the little guest. The color scheme of pink and white was carried out in the decorations, favors and refreshments.

Later in the afternoon, clothes were spread on the back lawn where the beautiful pink and white birthday cake holding five candles was placed. The cake was then served to the following guests:

Jean Tate, Beverly Ann Doyle, Joy Holcombe, Sue Henning, Betty Klotzman, Mary Charles Mahaffey, Mary Cox, Juanita Holder, Dolly Jo Bradford, Laura Ann Hicks, Joanna Sharp, Eleanor McCloskey, James Agee Kely, Wane Davis, Willard Davis, Gene Baldwin, Bobby Crowe, Bill Tidwell, Ed Givhan, Carlile Towery, Harry Klotzman, Milton Jeter, and the host, Michael Mahan.

MR. CHARLES G. DOBBINS

4-H Members Chosen To Attend Camp

Fannie Mae Perkins and Johnnie Clark will represent the Shelby County 4-H Clubs for girls at the leadership training camp in Auburn July 10-15. Fannie Mae was president of the Helena Senior 4-H Club last year and Johnnie Clark was program chairman of the Wilsonville Club. Both of these girls have been outstanding in their clubs and are being sent to Auburn to receive further training as leaders in 4-H Club work.

Frank Wyatt, Jr., of the Vincent Club, and Floyd Blankenship of the Calera Club, will represent the Shelby County 4-H Clubs for boys. Frank is doing excellent 4-H Club work in the Vincent community as a leader. He has much to do with the success of our rally program this year. Floyd has been president of the Calera Club for two years. He has made an excellent leader for his club. Both boys have outstanding personalities and with additional training should become leaders in the state 4-H Club activities.

SIX THOUSAND ALABAMA TEACHERS FORCED TO WAIT FOR PAY

Montgomery, Ala.—Six thousand Alabama teachers failed to receive their salary checks on time at least once during the school year just closed, according to the June issue of the Education Bulletin, published by the Alabama Education Association. Of this number, more than 2,000 teachers received their salaries late five times and more than 3,000 received their salaries late three times. The survey was based on reports received from fifty-seven of the sixty-seven rural school systems of Alabama and does not include statistics for the city systems.

The principal cause for the deferred teacher salary check, according to the Bulletin, is that during the first seven months of the school year the expense incurred by the schools exceeded their receipts, the receipts exceeding the expenditures during the remaining five months. For example, in 1937-38 84 per cent of the school costs for the year was incurred between October 1 and April 30, while only 67 per cent of the revenue was available to meet this expense.

As a remedy for these conditions, the Bulletin suggests two legislative proposals: (1) an amendment of the present School Budget Law which would permit school authorization to the State Department of Finance to borrow money for the purpose of disbursing state appropriations in advance of state tax collections. Among the advantages of this second proposal, as stated in the Bulletin, would be certain savings affected by a reduced interest charge. These savings, as compared with interest payments now being paid by local boards on short loans, would approximate \$50,000 annually.

Mrs. J. P. Kelley and sons James Agee and Pat and Mr. and Mrs. R. A. Burge spent Saturday in Vine Hill, Alabama.

Charles G. Dobbins Resigns Position At Alabama College

Shelby Southard Will Succeed Mr. Dobbins as Executive Secretary of Alabama College

Mr. Charles G. Dobbins announced last week that he had resigned his position as executive secretary of Alabama College and had purchased the plant and equipment of The Anniston Times. His resignation will go into effect on July 15.

Shelby Southard, at present editor of the Guidebook of Alabama, which is being prepared by the Federal Writers' Project, will take over the position vacated by Mr. Dobbins.

Mr. Dobbins has been a member of the Alabama College faculty since 1936. He was an assistant professor of English and was in charge of publicity for the college and an adviser for student publications. He has been quite active in community affairs, having been president of the Montevallo Civic Club and scoutmaster of Boy Scout Troop 59.

Mr. Dobbins is a graduate of Howard College, with an M. A. degree from Columbia University. He taught for a while at the University of Wisconsin, and was formerly a reporter on the staff of the Birmingham Age-Herald. He will take over active publication of the Anniston Times on the fifteenth of July and will make his home in Anniston.

Mr. Southard is a native of Athens. He graduated from Birmingham-Southern where he was editor of the Gold and Black during his senior year. Later he received his M. A. in history from Vanderbilt University. For a time he edited The Church Press, a Birmingham weekly, and recently was associated with Dr. Guy E. Snively, executive director of the Association of American Colleges, New York.

Warm Weather Causes Increase in Diarrhea

Warm weather almost always brings a marked increase in the prevalence of diarrhea, especially among infants, Dr. J. N. Baker, State Health Officer, warned today.

"Contrary to a widely held belief, diarrhea usually is not due to what one has eaten, but is caused by a specific organism in the same way that typhoid fever is," he said. "These organisms enter the system through contaminated food, either raw or cooked, and through impure water. Contamination usually results from flies and the handling of food by persons whose hands are not clean. It is important, therefore, that parents see to it that the food their babies eat and the water they drink is protected from contamination. All food should be cooked thoroughly and served as soon as possible after being cooked. Raw food should be thoroughly washed before being served. Water from an open well should be boiled before young children are permitted to drink it. If these precautions are taken, the danger of a child's contracting so-called 'summer diarrhea' is greatly reduced."

FARM POPULATION IS LARGEST ON RECORD

Auburn, Ala.—The farm population of the United States on January 1, 1939, was close to the largest on record, the Bureau of Agricultural Economics estimated today. The total was 32,059,000 persons. This compares with 31,819,000 on January 1, 1938, and with the all-time high of 32,077,000 on January 1, 1910. From 1910 to 1927 there was a decline of almost 2,000,000 persons in the farm population. Since 1927 there has been an increase of about 2,000,000.

Estimates by the Bureau show that the increase in farm population during 1938 was 240,000 persons. This is the largest increase reported since 1932. The total increase since the beginning of 1932 has been less than 400,000 persons.

MR. DOBBINS' RESIGNATION

In expressing our regret at the departure of Mr. C. G. Dobbins from Montevallo, The Times is but giving expression to the feelings of every citizen of the community. During his residence here Mr. Dobbins has not only done well the job which was his at Alabama College—he has taken a place of leadership in the life and activities of the community which is proud to number him as one of its most outstanding citizens.

We are sorry that he has chosen to go elsewhere, leaving to another the difficult place.

President Harman, comprehending the worthiness and qualifications of Mr. Dobbins as a community figure, has made a wise choice in his successor, Shelby Southard.

We wish Mr. Dobbins the best of luck in his venture into the newspaper business in Anniston. That he will succeed as one of the most outstanding men in the profession is certain.

We welcome Mr. Southard to the field of activity and usefulness which will be his in Montevallo. While Mr. Dobbins climbs the ladder of opportunity in the publishing world, Mr. Southard will be building well upon the foundation that has been so ably laid by his predecessor in Montevallo.

A NEW PUBLISHER

The press of Alabama has a new recruit. Charles G. Dobbins, executive secretary of Alabama College for the last three years, has left his position in Montevallo to become publisher of The Anniston Times, a weekly newspaper.

The Anniston Times has been operated in recent years by Mrs. Ruby Price Robinson, while Woodrow Geier, a University graduate who did splendid work in the press field while at the Capstone, has been editor. Mrs. Robinson, who is also United States commissioner at Anniston, now retires from the newspaper field in favor of Mr. Dobbins, while Mr. Geier remains editor of The Times.

Mr. Dobbins is one of the most talented young men in Alabama; his publicity work at Montevallo and his dealings with publications while at Howard apparently having made the newspaper field irresistible to him. The Times is already an excellent paper, and we predict for it an even greater future under the guidance of Mr. Dobbins.—Tuscaloosa News.

ALMOST UNANIMOUS

Governor Frank M. Dixon has made a personal appeal to the citizens of Alabama for support of the five constitutional amendments to be put before the voters in a special election July 11 and it seems that his request is bringing the desired response. The Governor pointed out in his statement that all are linked with the broad program to improve the government of Alabama and few, if any, have appeared to take issue with him on the wisdom of the proposals.

Pledges of support were given the Governor when he discussed the amendments with newspaper editors of the state last week, and prior to that, the Alabama Sheriffs and Peace Officers Association had gone on record as favoring the measures. Then later the Alabama Association of County Commissioners adopted a similar resolution.

Little opposition to any of the amendments has been found by those who have sounded out opinion over the state, and so far as is known, no Alabama newspaper or public figure has offered a word against them. Accordingly, it appears that no public opposition has developed.

All the amendments are, as Governor Dixon says, important in the development of his program and should be approved by an overwhelming majority, as it now seems virtually certain they will be.—The Anniston Star.

A PAVED ROAD TO SPAN BIBB

Chris Sherlock, Jr., has come to a definite agreement with Judge Pratt and the other officials of Bibb County for the paving of 53 miles of road. Of these 53 miles, almost half—or 25.8 miles, to be exact—will be along that highly important Tuscaloosa-Montgomery route designated years ago by Simpson Keller as the "University Highway."

This Bibb County development is the most important one in recent months on the improvement of this road which the Dixon administration has described as the most pressing highway construction job now facing the state.

The present routes which the motorist must take in going to Montgomery range in distance from 120 to 160 miles, but the length in distance of the University Highway as surveyed from Montgomery to Tuscaloosa is 99.1 miles. It extends in almost a straight line from Montgomery through a corner of Elmore, thence through Autauga, Chilton, and Bibb, and on into Tuscaloosa. Montgomery is now connected by all-paved highways with two other of the state's most important educational institutions, Auburn and Alabama College, but the motorist must wander all over the state to find a decent route to the University.

Of the total distance of 99.1 miles along the University Highway, 18.6 per cent is paved with 81.4 per cent being unpaved. The Bibb County section, of course, is included in the latter figure.

The paved sections of the highway at present, by counties, are as follows: Montgomery, 7.3 miles; Elmore, 4 miles; Autauga, 5.2 miles; Chilton, 1 mile; Bibb, 2.2 miles; and Tuscaloosa, 2.5 miles. The unpaved portions are: Autauga, 19.9 miles; Chilton, 16.1 miles; Bibb, 25.8 miles; and Tuscaloosa, 18.7 miles. All of the unpaved mileage in Autauga County is now being graded and drained in preparation for paving and with this and the Bibb section completed, considerably more than half of the route will be out of the dust and mud.

For the next major development along the University Highway, we look for a definite agreement upon the paving of those 18.7 miles in Tuscaloosa County. It will be a happy day when the motorist can start out of Tuscaloosa, and go directly to Montgomery along the

University Highway, through Centreville, Maplesville, and Prattville, in two and a quarter hours without leaving the pavement.—Tuscaloosa News.

MAKING GOOD JELLY

Present day housewives are fast losing the art of making good jelly. Almost all of them must depend on some sort of "cinch-jell" in order to turn out a finished product—that resembles that which mother used to make. The taste? Did you ever try to eat a piece of undershirt cooked on a platter like a pancake? Neither did I, but I imagine it would be just about as palatable as some of this "cinch-jell" jelly of the present day. Woman, oh woman, think mighty seriously before relinquishing thy heritage! Stick to the old fashioned method of making good jelly and hand down to posterity an art that's worth clinging to 'till the end of time.—Enterprise Ledger.

PEPSIN AND HOG CHITT'LIN'S

Grown-ups are sometimes childish in the interest that they take in food. Yesterday at 2:45 p.m. three middle-aged professional men—two of them men of letters, one of them a jurist of high repute—paused for a sidewalk conference on Dexter Avenue, near the old postoffice. The subject before the conferees was food, specifically, hog meat.

One of them remarked sadly that everything about a hog except the hooves and the hair is not only edible, but delicious. There's a rich, treacherous flavor about every unit in a pig's anatomy. Soups—a meat cheese—pig's feet, backbone and spareribs, sausage, stuffed and unstuffed, hog jowl, and then liver, heart and kidneys ground into a pulp and stuffed in a large container—it is called Tom Thumb—ham-hock and sliced ham, salt bacon and "breakfast" bacon, and finally chitt'lin's! All are delicious foods. But the fattest and the saddest man in the group said: "In childhood one can eat all of these, whether fried, boiled, stewed or in pastry pies, but after maturity overtakes him he begins to omit an item a year until middle-age. Then he can digest only ham and crisp bacon. It depresses me, for I like everything about a hog, especially the chitt'lin's—when fried."

The statuesque urist, waving his can, and speaking in a resonant

hass voice that must be most impressive in a courtroom, said:

"You are wrong about chitt'lin's, if they are not boiled with vegetables, as some outlanders are wont to serve them. Fried to a crisp, as nature intended them to be, chitt'lin's won't give anybody indigestion. It's the pepsin in chitt'lin's that makes them easily digestible."

Because it is news to The Advertiser that hog chitt'lin's contain pepsin we are reporting as faithfully as we know how the minutes of this meeting held yesterday afternoon on Dexter Avenue.

The two men of letters stood aghast at either the wisdom or the gullibility—they never learned which it was—of the eminent jurist.

Who told the gentleman that hog chitt'lin's contain pepsin, the well known ready aid to digestion?—Montgomery Advertiser.

MARINE CORPS TO ENLIST 25 FROM THIS AREA

During July twenty-five men will be accepted for enlistment in the United States Marine Corps from this area, of which Macon, Ga., is headquarters, it has been announced by Lt.-Col. J. M. Tildsley, officer in charge.

Applicants must be between the ages of 18 and 28; 64 to 74 inches tall; of good moral character; in excellent physical condition, and with at least one year of high school education or the equivalent.

Full information concerning enlistment may be had from the headquarters in Macon.

WILTON NEWS

Miss Jean Logan is attending a summer camp in Tennessee.

Miss Ann Vest and Mr. Bobby Cleary visited friends in Jackson, Tenn., on the fourth.

Mr. Lance Hubbard of Montgomery spent the fourth at home.

Mr. B. B. Curry of Bessemer is at home for a few days with Mrs. Curry.

Mr. and Mrs. James Bright of Anniston were guests of Mr. and Mrs. Raymond Conway over the weekend.

Mr. and Mrs. Greely and Miss Mary Elizabeth Logan visited Mr. and Mrs. C. M. Yeates several days this week.

Mrs. J. H. Lee and sons, Jimmy and Billy, spent the week-end in Dothan.

Miss Margaret McClendon has returned to her work in Gadsden Hospital after a visit with Mrs. Margaret McClendon and Miss Jennie McClendon.

Mr. Fred Adams underwent an operation in King Memorial Hospital in Selma Monday of last week. We hope that he may recover soon.

Mr. and Mrs. Charles Sellers and family spent the week-end in Fort Payne with Mrs. Sellers' parents.

Field trials on 12 farms in the Dadeville soil conservation demonstration area definitely indicate that Italian rye grass, planted with winter legumes, increases and improves the cover from an erosion control standpoint without interfering with the growth of the legumes.

Alabama Farmers Need This Kind Of Help Too

THE more prosperous farming sections are those where there is a nearer balance between industry and agriculture than in Alabama.

As more industries establish plants in Alabama, there are more consumers of the products of Alabama farms, and Alabama farmers gain a better market.

Agricultural development is dependent on business development. Just as the farmer becomes discouraged when he cannot get a fair profit for his produce, so does business become discouraged when unreasonable obstacles are placed in its path.

Although business is discouraged today, our New Industries Division is continuing to present to industrialists the advantages of plant location in Alabama, because on another day the sun may be shining more brightly, and when that day comes, we want them to look favorably toward Alabama.

**ALABAMA
POWER
COMPANY**

A Private Agency for the Public Good

"We farmers need more customers for our produce we raise. In order to have more consumers we need more industries. The cheap and abundant power of Alabama Power Company has already brought more industries to our State and will bring more in years to come."

—O. K. Lanier,
Star Route,
Wetumpka, Ala.

"I can easily see many varied industries located in the different sections of the State supplied by the lines of the Alabama Power Company. This means an influx of people and a greater consumption of products of the farm. . . . I can see industry going forward with rapid strides and our State taking its place as a great manufacturing center of the South."

—Mrs. E. G. Smith,
Lineville, Ala.

"Seeing as I do in my work with the Alabama State Employment, the thousands of unemployed, I realize very forcefully the great need we have in Alabama for more small industrial plants, and no force in Alabama is helping more to bring them here than the Alabama Power Company."

—B. E. Samuels,
Talladega, Ala.

"I see beyond my electric bill how Alabama Power Company is instrumental in keeping Alabama from being robbed of her fine intelligent men and women, by taking the leading part in helping develop Alabama industrially and agriculturally, thus preventing our citizens from having to go to other states to find jobs."

—Mrs. T. G. Anthony,
Route 1,
Gadsden, Ala.

State of Alabama A PROCLAMATION By the GOVERNOR

WHEREAS, the Legislature of Alabama, at the Extra Session 1939, ordered an election to be held by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which said amendment is herein set out, and ordered that said election be held on the Second Tuesday after the expiration of three months from and after the final adjournment of the session of the Legislature at which said amendment was proposed; and

WHEREAS, the Second Tuesday after three months from and after the final adjournment of said Extra Session of the Legislature will be and occur on Tuesday, July 11, 1939; and

WHEREAS, notice of such election, together with the proposed amendment is required by law and by the provisions of the Act submitting said Amendment, to be given by a proclamation of the Governor to be published in each County in the State of Alabama once a week for four successive weeks next preceding the said 11th day of July, 1939:

NOW, THEREFORE, I, Frank M. Dixon, as Governor of the State of Alabama, do hereby give notice, direct and proclaim that on Tuesday, the 11th day of July, 1939, an election will be held at the several polling places within the State of Alabama, in the manner and form provided by law, upon the following amendment to the Constitution of the State of Alabama of 1901, as follows:

"Section 190. The Legislature shall pass laws not inconsistent with this Constitution to regulate and govern elections and all such laws shall be uniform throughout the State except that the Legislature may, by general or local law, permit the use of voting machines or other mechanical devices, for registering, recording and computing the votes at all elections, including primary elections, in any county, municipality, or other political subdivision of the State, under such regulations provided by general law with reference thereto as the Legislature may from time to time prescribe; and shall provide by law for the manner of holding elections and of ascertaining the result of the same, and shall provide general registration laws not inconsistent with the provisions of this article for the registration of all qualified electors from and after the first day of January, nineteen hundred and three. The Legislature shall also make provision by law, not inconsistent with this article, for the regulation of primary elections and for punishing frauds at the same, but shall not make primary elections compulsory. The Legislature shall by law provide for purging the registration list of the names of those who die, become insane, or convicted of crime, or otherwise disqualified as electors under the provisions of this Constitution, and of any names which may have been fraudulently entered on such list by the registrars; provided, that a trial by jury may be had on the demand of any person whose name is proposed to be stricken from the list."

I further direct and proclaim that notice of this election upon Tuesday, the 11th day of July, 1939, upon the above set forth amendment to the Constitution of the State of Alabama of 1901, be given by publishing the same once a week for four successive weeks next preceding Tuesday the 11th day of July, 1939, in each County in the State of Alabama in a newspaper published in said County.

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State to be affixed by the Secretary of State, at the Capitol in the City of Montgomery, on this the 20th day of April, 1939.

FRANK M. DIXON,
Governor.

ATTEST:

John Brandon,
Secretary of State.

Here's a good cutworm poison for the garden: Twenty pounds of wheat bran, 1 pound of Paris green or 2 pounds of arsenate of lead, one-half gallon of syrup, and three and one-half gallons of water. Mix and spread over the garden area.

CALERA NEWS

Dr. and Mrs. R. C. Curtis have as their guest for the week-end Mr. Charles Curtis of Chicago, and his two children, Carolyn and Charles, Jr.; Mrs. W. M. Baxter of New Orleans with her daughter, Katherine, and Miss Lavada Curtis of Auburn. All of Dr. and Mrs. Curtis' children and grandchildren were with them on the fourth.

Mr. and Mrs. W. M. Israel and son, Phil, spent the first of the week with Mrs. P. Baer.

Miss Jennie Killingsworth of Birmingham is spending the week with her sister, Mrs. Earnest Evans.

Mrs. Abernathy of Montgomery spent last Sunday with her longtime friend, Mrs. Susie B. Williams, who is home now from the Norwood Hospital where she underwent an operation recently.

Mr. and Mrs. J. D. Tomlin and family are visiting Mr. and Mrs. Sam Tomlin. The J. D. Tomlins are from Detroit, Mich. Mrs. H. Moore, also of Detroit, with her young daughter, are visiting Mr. and Mrs. Sam Tomlin.

Mr. and Mrs. Luke Harris and family of Sylacauga spent Saturday here visiting relatives.

Mr. E. D. Harris of Birmingham came down to visit his family here last Wednesday.

We regret to learn that Mrs. J. T. Parker is in the Norwood Hospital for treatment.

Mr. and Mrs. Jasper Holcombe went to Montgomery last Monday to attend the funeral of Mrs. Holcombe's sister, Mrs. Wilbur Hayne of Mobile, who died on July 2. Mrs. Hayne was the former Lyttie Mae Haynes of Columbiana.

The ladies of the Town of Calera are serving the Civitans and others Wednesday night a benefit dinner. The proceeds will go to the Boy Scouts for uniforms.

The Unique Club was entertained Tuesday afternoon on the lawn of the McKibbin twins with a picnic.

The Reverend and Mrs. T. M. Wynn had as their guests over the week-end their daughter, Mrs. Addix, of Ashland and her two children.

Mrs. R. H. Parker had as her guests on Monday and Tuesday two of her brothers who had not seen each other in seventeen years. They are Mr. C. C. Bush of Fort Pense, Fla., and Mr. B. L. Bush of Corpus Christi, Texas. They all went to Talladega Wednesday for a family get-together.

Mr. and Mrs. Arthur Endress and family of Ashland spent the past week-end with Mrs. Endress' mother, Mrs. L. F. Coker.

Miss Ada Holcombe spent last week with Mrs. R. E. Peters in Birmingham.

The Baptist Missionary Society spent Friday on the study of the book "How to Pray," by Torrey, and invited the Methodist Society to meet with them at the church for the day. The study was led by Miss Renna Taylor of Wilsonville.

Mrs. Fred Allen returned Monday from a week's visit with her family in Albertville.

Mrs. Ella Booker will leave Saturday to visit Mr. Booker's daughters in Nashville. Mrs. Olean Johnson and Mrs. Pegram.

Mr. and Mrs. A. E. Norwood spent Saturday in Montgomery on business. They came by Wetumpka on their way home and had supper with the Rev. and Mrs. T. J. Half-acre.

Friday night finished the series of lectures on the Bible by Mr. Linna Toy. The lectures lasted two weeks and were well attended.

The music class of Mrs. Ella Booker gave a recital last Saturday afternoon at the Methodist Church. Those participating in the recital were Eleanor Mae Onderdonk, Jeffie Cowart, J. E. Armstrong, Jr., Betty Jo Baker, and little June Baker.

Taft may beat Roosevelt, hopefully suggests a G. O. P. newspaper editorial in the 1940 presidential campaign. Maybe—but our records show the last time a Taft beat a Roosevelt—a Wilson won.—The Alabama Journal.

A good fly spray of one-half to one pound of pyrethrum dissolved in one gallon of kerosene is good to have around the dairy barn to keep down the large number of flies. Best means of reducing the number of flies is to keep the dairy barn or stable clean of manure and filth.

Spring Creek News

Home Demonstration Club

The Home Demonstration Club met with Mrs. Robert Ingram June 28. The meeting was held out under the beautiful oak trees. The colors for the month, green and white, were used in the outdoor living room and also in the house in baskets and vases of daisies, gardenias, and wild fern.

The demonstration on salads was given by Miss Oliver, Mrs. T. W. Ingram, and Lois Alexander. Mrs. Frost and Mrs. Max Allen led the ladies in a delightful social hour. Helen Ingram assisted her mother in serving a pretty plate of green and white iced cookies and tea. The club will meet in July with Mrs. Jacques.

* * *

Mr. and Mrs. Rowan and family of Leeds were recent visitors of Mrs. Cary.

Cottonseed Producers Endorse Cotton Council

The Alabama-Florida Cottonseed Producers Association, meeting in annual convention at Pensacola, Florida, Monday and Tuesday, endorsed by resolution the purposes and objectives of the National Cotton Council of America, and committed its membership to the moral and financial support of the organization.

The Association elected M. R. Hallman, manager of the Southern Cotton Oil Company, Montgomery, president of the group, succeeding L. T. Solomon, of Headland, and retained P. R. Cain as executive secretary-treasurer.

The association members heard an address Monday by Mr. Oscar Johnston, president of the National Cotton Council of America, in which he outlined the purposes and objectives by which consumption of American cotton might be ex-

and carpet sweepers work. We would not be surprised to see them go into the repair business any day now.

About a dozen girls are demonstrating some of the principles of good interior decoration. These fair ladies are not just talking about it. They are actually decorating model homes. This community can count on them for advice—and it will be good advice.

Citizens of Montevallo, salute these young people. They are serving you well.

American people have come to realize that if fertility of the soil declines, farm income will decline and the towns and cities will feel the decline in lack of business, states R. M. Evans, national administrator of the AAA.
